

The NRA's *Gun Safety* RULES

Because it is so important and because it never hurts to review, these are the core tenants of handling a firearm safely taken from www.gunsafety.nra.org

Always Keep the Gun Pointed in a Safe Direction!

This is the primary rule of gun safety! Common sense dictates the safest direction depending on different circumstances.

Always Keep Your Finger Off the Trigger Until Ready to Shoot!

When holding a gun, rest your finger alongside the frame and outside the trigger guard. Until you are actually ready to fire, do not touch the trigger!

Always Keep the Gun Unloaded Until Ready to Use!

If you don't know how to open the action or inspect the chamber(s), leave the gun alone until you can get help from someone who does.

Your Local Gun Club & State Association are Here to Help!

Many clubs across the state have programs and events focused on training for beginner to advanced. Go to www.oklahomarifle.org for more information!
